

INTRODUCING EDDIE FELDMAN

GET TO KNOW THE
FRIENDLY FOLKS AT THE OAKS.

EDDIE FELDMAN, REGIONAL SALES STRATEGIST

With more than 25 years of senior living experience, Eddie Feldman uses his insight and expertise to guide families when considering the next chapter in retirement. Eddie brings a wealth of knowledge from his various roles at other communities to further strengthen the support and leadership offered at The Oaks at Flower Mound. **“We are very proud of the longevity of our staff and the good reputation of our ownership. There’s a high level of professionalism and training behind the care we offer.”**

As Regional Sales Specialist, Eddie enjoys the opportunity to see how quickly new residents adjust and feel comfortable at The Oaks. **“The best part of what I do is seeing a resident 30 days after they’ve moved in and they are thriving — getting involved in activities, meeting new friends, setting up lunch dates and having a great time.”**

From the full spectrum of therapy offered in the on-site gym to the flavorful offerings of the dining program, Eddie has witnessed firsthand how living at The Oaks can change people’s lives for the better as they are welcomed into the close-knit community. **“We really are like family — these folks are from all over and from all different backgrounds, churches and neighborhoods. Everybody truly knows each other which often isn’t the case at larger communities.”**

We'd love to share more about our community —
