

INTRODUCING SALLY PUCKETT

GET TO KNOW THE FRIENDLY FOLKS AT THE OAKS.

SALLY PUCKETT, ASSISTED LIVING RESIDENT

After growing up in Oklahoma and devoting many years to children as a health and physical education teacher, Sally Puckett knew it was time for a new chapter in her life when her falls became more frequent, and her family began to worry. Both Sally and her sister Trish moved to The Oaks at Flower Mound and now live right next to each other — in addition to having other family members nearby.

Outside her door, Sally embraces an active lifestyle full of new friends and opportunities that she didn't even know she was missing. **“Living alone I didn't realize how much I wasn't interacting with people but now I'm able to talk, laugh and visit with others every day. And most importantly, I feel very safe and well taken care of here.”**

Sally has easily found ways to serve others and give back to the community since coming to The Oaks in her role as an ambassador for new residents and by sharing her interests as leader of the community prayer circle, tai chi classes and “Girl Talk” group. As her story continues to unfold, she feels blessed by the support of her family and the wonderful staff at The Oaks. **“It's a gorgeous place to live — when you walk in, you feel like you're in a five-star hotel and you just have a feeling of ‘wow.’”**

We'd love to share more about our community —
