## GLORIA BURBA, ASSISTED LIVING

Gloria Burba and her husband Von were high school sweethearts and married for 68 years. When Von's cancer progressed, their children helped them look for a community where they would have extra assistance with his care and be closer to family.

**“We prayed about it and The Oaks was a godsend in giving us help and security during his last year. The caregivers catered to him and were so sweet to him.”**

After Von's passing, Gloria has been grateful for a close-knit community of support as she adjusts to life without her longtime spouse. **“They check on me to see if I'm going to lunch or if I need anything. They knew that I was totally lost by myself and have been so good about popping in on me.”**

Gloria finds fulfillment in taking part in all the community activities, having meals with friends and decorating her apartment for various holidays — little things that add up to something truly special. **“It's an extended family. I have my children, of course, but the caregivers, staff and friends here have become an extended family and made this my home.”**

We'd love to share more about our community —
